## ESPA FACIAL

Following skin analysis with our SkinVision lamp, naturally advanced spa skincare products rich in plant and marine extracts are selected according to your individual needs and used alongside tailored massage to deeply cleanse, exfoliate, purify and boost your complexion. This customised treatment is then completed with a divinely relaxing scalp massage.

55 mins £55.00

## ESPA BACK, FACE AND SCALP

This luxurious combination begins with a cleansing of the back, followed by exfoliation and a soothing back massage to ease away stress and tension.

A relaxed mind and body reflect in the skin's beauty and a hydrating and purifying facial together with a therapeutic scalp massage will compliment this radiance. The use of hot stones brings about total balance in the body, which aids the natural healing process.

90 mins £80.00

## DERMAPLANING

Dermaplaning is an effective facial exfoliating treatment. It has been used in conjunction with medical skin care for nearly the past two decades, helping to reveal healthier, radiant skin. ## SKIN REJUVENATION

(Sun damage, acne, diffuse redness & rosacea)

Rejuvenates the skin using industry renowned light based technology, without the need for injections used in similar procedures. Leaving you looking younger and fresher with the skin feeling smoother by removing age spots, sun damage and diffused redness. Uneven pigmentation is also reduced.

Facial treatment £100.00

Course of 3 treatments £250.00

## FACIAL THREAD VEINS

The Ellipse operator guides the visible light from the flash-lamp to the blood vessels needing treatment. Blood contains haemoglobin that absorbs the light and converts it into heat. This heat destroys the protein in the wall of the thread vein. As a result the veins will gradually, and safely, disappear after treatment.

Single treatment £75.00

Course of 3 treatments £200.00

## LIPOFIRM FACIAL

An advanced non-surgical facelift using patented TriPollar radio frequency technology to stimulate and contour the face by producing natural collagen and elastin in the skin to tighten and tone to improve elasticity, reduce and soften the appearance of fine lines and wrinkles plus aid in reducing crow's feet and puffiness around the eye area. This anti-ageing facial is non-invasive providing rejuvenating skin results that will last for up to 2 years. Your non-surgical alternative to anti-wrinkle injectables.

Results should last several months, however, since the body continues to age and the ageing process cannot be stopped, it is recommended to undergo preventative treatments every few months in order to maintain the results.

Face & Jaw Line £65.00

## DERMALUX FACIAL

The Dermalux® multi award-winning facial is a pain-free experience with a proven mood-enhancing effect. Skin absorbs the energising light and kickstarts cell regeneration to restore radiance.

30 mins £35.00

\*Added to any other facial £10.00

# Plasma Lift by Crystal Clear

A proven technology, Plasma Lift is the perfect choice to treat ageing skin, a revolutionary system that improves photo-damaged skin, bringing fresher, firmer, more youthful-looking skin, improving fine lines and sun damage. It's the only treatment that has a proven record of generating new skin.

Plasma Lift works at and below the surface of the skin, to modify the skin's architecture generating new collagen and elastin fibres, giving clinical improvements in skin tone, texture and laxity which are seen immediately and continue long-term.

It can be used to treat: sagging skin on the jawline, droopy eyelids, sun-damage on face, neck, décolletage and hands, fine lines and deeper wrinkles, improved skin tone and uneven texture, wrinkles around the mouth, active acne, acne scarring, large/open pores & stretch marks.

Benefits include:

- Return to work the same day
- No thinning of the skin
- Allows the whole face and neck to be treated in a single session
- Fast treatment time
- One of the only ways to treat the eyelids without surgery
- Can be used over active acne with no risk of cross-contamination, unlike most other treatments
- Non-invasive, no anaesthetic or scalpels needed
- Significant cost saving compared to surgical treatments

Face, Neck Décolleté £700.00

Face & Neck £550.00

Face £450.00

Eye or Neck £300.00

# Plasma Pen

## target smaller areas

Plasma Pen is a advanced,non-invasive, skin lifting treatment used in a number of treatments to dramatically enhance looks without the need for surgery. It is used to treat, repair and lift almost any skin area, especially the face and neck. It is a highly versatile and lucrative procedure that is stunningly effective in wrinkle smoothing, eyelid tightening and eyelid hood reduction.

Designed to improve skin tone and texture; Plasma Pen successfully treats, repairs, rejuvenates and lifts ageing skin, spectacularly improves and brightens skin tone, laxity and texture, significantly tightens loose or sagging skin, dramatically reduces the appearance of lines and wrinkles and effectively reverses hyper-pigmentation, discolouration and photo-damaged skin.

Plasma Pen delivers a dramatically brighter, more contoured and more youthful appearance and the rapid results from our advanced, well-established and non-surgical Plasma Pen, blepharoplasty treatment and sublimation/fibroblasting technique and technology are absolutely stunning, virtually immediate and can last up to 3 years - all without suturing, scalpels, anaesthetic or costly and invasive surgery.

## micro-needling

Solo Beauty is proud to offer the only globally FDA approved micro-needling device (SkinPen Precision) which is clinically proven with visible results seen after one treatment. SkinPen Precision creates controlled micro injuries that stimulate the body's natural wound healing response which initiates the release of natural growth factors to improve collagen formation and cellular tissue. Collagen Induction Therapy assists in the rejuvenation of the epidermal integrity resulting in improved appearance of fine lines and wrinkles. SkinPen Precision can effectively remodel scar tissue whilst maintaining the overall structure of the skin. SkinPen can be used on all areas of the face and body and can treat a number of concerns.

There are three phases involved in the wound-healing process:

Phase I (Inflammation phase) – The piercing of the skin triggers a response in your immune system which disinfects the wounds, increases blood flow and initiates new tissue formation.

Phase II (Proliferation phase) – A new network of blood vessels develop in addition to wound rebuilding involving new granulation cells.

Phase III (Remodeling phase) – The wound is replaced with new blood vessels and Dermal tissues.

WHO IS SUITABLE FOR SKINPEN TREATMENT? :

SkinPen Precision can help correct:

- Fine lines and wrinkles
- Acne scarring
- Melasma
- Rosacea
- Other scarring such as trauma or surgical
- Stretch marks
- Hyperpigmentation or irregular skin tone

WHAT DOES THE SKINPEN TREATMENT INVOLVE?

PRIOR THE TREATMENT:

Topical anaesthetic will be applied for 20-30 minutes prior the treatment for additional comfort.

# The Pyramid Lift

## THE PROCEDURE:

The SkinPen is carefully glided across the area of concern using the Skinfuse LIFT HG (Allergy free from cytotoxic) to create hundreds of microscopic puncture wounds which stimulates the natural repair process and activates collagen and elastin production. Erythema should be visible with possible signs of blood spotting, this gives us indication that the depth is at its correct point in order to penetrate deep enough into the skin.

## POST TREATMENT:

You should avoid touching the area or applying any products onto the skin for 12 hours in order to prevent infection. Post treatment Skinfuse LIFT HG can be applied to help soothe the area. After 12 hours Skinfuse RESCUE Calming complex can be used to help support remodelling of the skin. The treatment area can be red and warm for 24 to 48 hours post treatment but most patients see a reduction in erythema after 24 hours of treatment.

1 Treatment	£170.00
Course of 3 treatments	£480.00
Course of 6 treatments	£900.00

## MEDICAL MICRO-NEEDLING

VoluDerm provides a safe and effective penetration of the epidermis for controlled heating targeting deep dermis. This minimally invasive treatment uses fine micro-needles while applying radiofrequency to volumise the deep dermal layer. The micro-needles stimulate the body to naturally produce hyaluronic acid, new collagen and elastin.

Per session	£170.00
Course of 3 treatments	£450.00

## TRIFRACTIONAL SKIN RESURFACING

TriFractional radiofrequency energy rejuvenates the outer epidermis layer. This minimally invasive treatment creates triggers the body's natural healing response mechanism. Old and damaged skin cells are removed and the body produces new and healthy skin.

Per session	£170.00
Course of 3 treatments	£450.00

## TRI POLAR WITH DYNAMIC MUSCLE ACTIVATION (DMA)

The production of Collagen slows as we age; Radio Frequency Skin Tightening stimulates new Collagen production. The thermal process causes an immediate contraction of fibres, this contraction results in the production of new Collagen. This can visibly be seen after the treatment, resulting in smoother, firmer looking skin.

Per session	£70.00
